

Day Care and Child Care Options

Brigham and Women's Hospital is committed to excellence and recognizes the importance of staff and employees balancing the ever-increasing demands of work and family life. One way to support that balance is through the Office for Women's Careers in BWH's Center for Faculty Development and Diversity, where information is now available on the range of child care and day care services available to staff, faculty and fellows.

Nanny Network for BWH Faculty and Fellows

Are you seeking a good nanny? Do you know a wonderful nanny? Send an e-mail to Sandra Gould at sgould1@partners.org or the Office for Women's Careers at owc@partners.org Put "I want to join the Nanny Network" in the subject line.

BWH Backup Child Care Center

The BWH Backup Childcare Center provides emergency, backup child care to BWH employees, staff, faculty and fellows with children between the ages of 8 weeks and 12 years in a safe, nurturing and learning environment. The center uses guidelines established by the National Association for the Education of Young Children (NAEYC) to determine developmental appropriateness for all levels of care provided. The center cannot care for children who are ill. The

times when your family may be in need of backup child care include:

- When your child's caregiver is ill or on vacation
- When your child's day care center or school is closed
- When you have to work extra hours
- When there is a sudden termination in your child care arrangements or if you are searching for permanent arrangements
