FAQs about Donating Platelets

Who can donate platelets?
In general, to donate platelets, you should be:
- At least 17 years old
- 110 pounds or heavier
- Feel well and healthy

And you should not:
- Have taken any aspirin, or drugs containing aspirin (such as Anacin, Excedrin, or Feldene), or had a dental procedure, including a routine cleaning, within 48 hours of donating
- Have taken any Aleve, ibuprofen, or drugs containing, non-steroidal anti-inflammatory medications), within 24 hours of donating
- Have had a tattoo or traveled to a malaria-risk country within the past 12 months
- Have felt sick or taken any antibiotics within 72 hours of donating

What should I do to get ready for my donation appointment?
- Eat a nutritious meal the day of your appointment
- You should drink six to eight 8-ounce glasses of water or other non-caffeinated beverages the day before and the day of your donation
- Bring a valid photo ID to your appointment.

How long does platelet donation take?
- You should plan your first platelet donation appointment for approximately 2 hours.
- During your first donation, your collection professional will be able to help estimate future donation lengths.

How often can I donate platelets?
- As long as you are healthy and continue to meet the eligibility criteria, you can safely donate every seven days, up to 24 times within a 12-month period.
- Many of our platelet donors schedule regular appointments every other week.

Does donating platelets hurt? Will it make me feel sleepy?
Most people say they only feel a slight pinch of the needle at the start of the donation.

What should I do after my platelet donation appointment?
- We encourage donors to drink plenty of non-caffeinated fluids (water and juices) after donating. This will help keep your body well hydrated.
- Eat well the day of your donation and do not hesitate to snack if you feel hungry.

Where can I donate platelets to benefit Dana-Farber and Brigham and Women’s patients?
The Kraft Family Blood Donor Center at Dana-Farber Cancer Institute and Brigham and Women’s Hospital—located on the first floor of the Jimmy Fund Building at 35 Binney Street in Boston.
