**More about "RCR Rounds:"** Responsible Conduct of Research Rounds, or “RCR Rounds,” are open to the entire BWH research community and are sponsored by the Center for Clinical Investigation (CCI) and/or the Center for Faculty Development and Diversity Office for Research Careers (ORC). Some topics are applicable to all research, while others are designed for either clinical or basic researchers; please see the specific lecture details to know if the course fits your specific research education needs.

**Please note:** Responsible conduct of research (RCR) training is required of students, trainees, and investigators with career development awards who are supported by National Institutes of Health (NIH) funds. Visit the Partners Research Compliance Office [website](#) for information on how to claim credits from these lectures and meet requirements. Completion of each RCR Rounds will fulfill one RCR lecture/discussion requirement unless otherwise indicated.

Visit the [BWH Events Calendar](#) to view upcoming lectures and register for RCR Rounds.
