

BRIGHAM AND
WOMEN'S HOSPITAL

Center for Faculty Development & Diversity

Office for Postdoctoral and Research Careers

Sharing strategies. Supporting careers.

Dear Researcher,

The Office for Postdoctoral and Research Careers (OPRC) in the Center for Faculty Development and Diversity (CFDD) is committed to your professional and personal success at BWH.

We are writing to the attention of those Postdoctoral Researchers **who are planning to depart from BWH this season**. As you prepare to depart from your research position at BWH, the OPRC and the [Postdoctoral Advisory Committee](#) would like your feedback through an **Exit Survey** of BWH Research Fellows.

This survey is designed for you to share your perceptions of your position at BWH; your experiences in your lab; your assessment of your training, career development and mentoring; and your feedback on the resources and programs offered by the OPRC. We also hope to learn from you about your transition to your new position, and to share your experiences with the goal of helping others with this transition. This survey has been designed to improve the training experience at BWH. Please be candid so we can be responsive to the issues that are important to the research community. The survey should take less than 10 minutes. The results of this survey will only be viewed by the OPRC in aggregate, so that your responses will remain anonymous and confidential.

Please click here to take the [Exit Survey](#).

We encourage you to complete the **Exit Survey** to provide feedback about your professional and personal experiences as a member of the Brigham and Women's community. Additionally, an Annual Survey of Researchers will be conducted in September.

Thank you for your participation. We look forward to seeing the results of this effort.

Sincerely,

Barbara E. Bierer, MD
Senior Vice President, Research
Director, Office for Postdoctoral and Research Careers
Center for Faculty Development and Diversity

Caroline Rotondi
Administrative Director
