

Ordering Clinical Labs for Research Patients

- Order Clinical Labs via Orders Only using same process as ordering research labs to be performed at Core Lab- but **Do Not** research associate
- Nursing will release under the HOV encounter for White 12. Labels will print for collection
- Charges will go to the CRC Work Queue because they are related to the CRC visit
- Charges will be routed to the study and they will display on the Research Billing Review Report
- Study staff will move to the “Not research related” bucket which results in the charges going to insurance.
