To: Principal Investigators and Study Staff

ICD-10 Go Live Epic Conversion

On October 1st, 2015 the majority of diagnosis terms (text descriptions) will be reprinted from ICD-9 to their corresponding ICD-10 diagnosis codes at midnight (for dates of service 10/01/15 and beyond). Diagnosis terms which do not have a corresponding ICD-10 code are deemed “**invalid diagnosis**” on 10/01/15.

Due to this transition, BWHC Epic users may receive In Basket messages in “inactive Dx’ folder requesting them to edit the selected ICD-9 diagnosis codes which do not map to an ICD-10 code. This applies to outpatient orders and inpatient signed and held orders.

If you have research specific questions please contact Terry Stone, Research Billing Compliance Manager, 617-582-0091.
