Welcome to Virtual Visits!

Virtual Visits are a great way to connect with your care team from home.

To take part in a Virtual Visit with video, you will need:

1) Smartphone or tablet with a camera, OR a computer with webcam.

2) Internet access: Wi-Fi or strong cell signal.

For detailed instructions, please click on your device below:

The Patient Gateway Support Line is available at 1-800-745-9683, Mondays-Fridays, 8:00 AM to 5:00 PM
PREPARING FOR YOUR VIRTUAL VISIT – Android Phone or Tablet

Set up Zoom:

- Go to the Google Play Store, search for Zoom, and click “Install.”

Turn on Microphone and Camera for Zoom:

1. Go to Settings → Apps:

2. Go to App Manager:

3. Scroll to Zoom:

4. Go to App Permissions → Turn Camera and Microphone on:

Test your Zoom connection at https://zoom.us/test.
Complete eCheck-In:
Update your information, fill out questionnaires related to your visit, and take care of any co-pays. eCheck-In is available 3 days before your visit.

- Open the Patient Gateway Mobile App, or click here for web instructions.
- Click on Appointments.
- Select your Virtual Visit.
- Click eCheck-In.
- Follow the steps on the screen.

Instructions for starting your visit:
➢ Patient Gateway Mobile App
➢ Patient Gateway on the Web
Open the Patient Gateway App:

- Please log in at least 10 minutes before the appointment.
- The “Begin your video visit with...” link appears 30 minutes before the appointment time.

Find your appointment and click into the visit:

Click “Begin your video visit with...”

Then click the blue Begin visit button:
Enter the “Waiting Room”:

• You will see a Zoom Video Visit screen and then a Welcome message.

• Your care team knows you’re here, and they will join you shortly.

Join your Visit:

• When the Video Preview appears, click Join with Video.

• If you are connected to Wi-Fi or a strong cell signal, click Call Over Internet.

• Otherwise, click Call My Phone.
Set up Zoom:

1. Go to the App Store, search for Zoom, and click “Get.”

2. Turn on the Microphone and Camera for Zoom:
   - Go to Settings.
   - Find and select Zoom on the apps list.
   - Make sure the Microphone and Camera are on.

3. Test your Zoom connection: https://zoom.us/test.

Join your Visit:
- To use your phone for audio, click “Phone Call.”
- To use your computer, click “Join with Computer Audio.”
Video Resources:

• How to do a Virtual Visit on a Computer
• How to do a Virtual Visit on a Mobile Device

Preparing your computer, phone, or tablet:

• Disable the popup blocker for Mass General Brigham several days before your visit. Follow the steps in the guide to disable popup blockers.

• Update your phone, tablet, or computer regularly so that the Zoom works efficiently.

• Make sure you are in a location with Wi-Fi or a strong cell phone signal.

• Close all programs and apps you are not using.

• Restart your computer before your visit.

Best practices for a successful virtual visit:

• Find a quiet place. Close nearby doors or windows if possible.

• Set up your phone, camera, or webcam at eye level.

• Sit about 3 feet away.

• Make sure there’s no bright light or window right behind you.

• During the visit, look at the camera when you are speaking, not at the screen.
